Leave the Technical Work to Me

Your website requires regular maintenance to remain secure, fast, and reliable. My **Website Care Plan** keeps everything running smoothly while you focus on growing your business.

Website Care Plan — Starting at \$499/year

- Premium hosting
- SSL certificate
- Daily backups

- WordPress & plugin updates
- Security monitoring
- Uptime monitoring
- Domain renewal management
- Technical support
- Minor content updates

Perfect For

- Small businesses
- Contractors
- Restaurants
- Retail stores
- Professional services
- Anyone who doesn't want to manage a website themselves

Your annual **Website Care Plan** includes hosting, software updates, security monitoring, daily backups, and management of your domain name and DNS settings. If you don't already own a domain, I'll help you register one that's right for your business

Already have hosting? No problem. I can also work with your existing hosting provider if you prefer

Frequently Asked Questions

Do I need to purchase hosting?

No. I offer a fully managed Website Care Plan that includes hosting, updates, security, backups, and ongoing technical support. If you already have hosting, I can also work with your existing provider.

Do I own my website?

Yes. You retain ownership of your website, content, and domain name. If you ever decide to move to another hosting provider or developer, your website can be transferred.

How long does a website take to build?

Most websites are completed within 1–5 weeks, while custom WordPress projects typically require 6–10 weeks depending on the size and complexity of the project.

Can I update my website myself?

Absolutely. Your website is built using WordPress, making it easy to update text, images, blog posts, and other content. Training is also available if you'd like help learning how to manage your website.

What if I need changes after my website is finished?

No problem. Minor updates are included with the Website Care Plan, and additional changes or new features can be quoted as your business grows.

Do you build online stores?

Yes. I develop WooCommerce websites that allow you to securely sell products online, accept payments, manage inventory, and process orders.

How much does a website cost?

Every business is different. The prices listed in this brochure are starting points. After a free consultation, you'll receive a detailed quote based on your specific goals and requirements.

How do I get started?

Getting started is easy! Contact me by phone or email to schedule a **free 30-minute consultation**. We can meet over **Google Meet**, or **Zoom**, talk by phone or by text. During our conversation, we'll discuss your goals, timeline, and budget, and I'll provide a personalized quote based on your project.

Project Timeline:

Launch website - 1 to 2 weeks

Business website - 2 to 3 weeks

eCommerce website - 3 to 5 weeks

Custom wordpress website - 6 to 10 weeks

Timelines may vary depending on project complexity, content provided, revisions, and client response times.

Project Terms

- A **50% deposit** is required before work begins.
 - The remaining balance is due before the website is launched.
 - Prices shown are starting estimates and may vary depending on project requirements.
 - Custom functionality or additional revisions may require a separate quote.
-

Why Choose Me?
